

## eBlackChampaign-Urbana Year One Archives Finding Aid

Size: 436 Gigabytes

Provenance: Noah Lenstra, C.A.S. Student, Graduate School of Library and Information Science, University of Illinois at Champaign-Urbana

Access: Password Protected. Contains information on minors. Request granted for individual files only.

Acknowledgments: Thanks to the Community Informatics Research Laboratory, under direction of Kate Williams and Abdul Alkalimat; Office of the Vice Chancellor for Public Engagement, University of Illinois; and Carol Lewis, Salem Baptist Church.

History: Please consult the C.A.S. Project Report written on this project for a full history of eBlackChampaign-Urbana Project. Url: <http://www.eBlackCU.net/CASAppendices/>

Scope: Contains meeting minutes, correspondence, posters, photographs, video and audio files, flyers, datasets, notes, grant applications, intern applications/resumes, newspaper clippings, sign-in sheets, html files, article and book drafts, presentations, and curriculum notes documenting the eBlackChampaign-Urbana Project. Of special note are the Archives of Salem Baptist Church's Cyber-Church Committee, included in Series 2: Project Records.

Arrangement: Arranged into five series.

- 1) Artifacts: Containing published or publicly distributed information on the eBlackCU project
- 2) Project Records: Drafts and other print material not publicly distributed on the eBlackCU project
- 3) Correspondence: From the Project Director's E-mail Account
- 4) Multimedia Records: Audio, video and photographic documentation of the eBlackCU project
- 5) Meeting Notes: Notes from meetings held Throughout the Year

The files in the archives are in the process of being converted to non-lossy file formats (e.g. from JPEG to TIFF).

The full inventory of the archives can be found at: `../DataSets/eBlackCU-YearOne-Archives-File-Inventory.csv`.
