

Come join us for a discussion of big ideas about Education!

When: Tuesday, May 15, 7 pm

Where: Urbana Free Library, Lewis Auditorium

We will dialog about what education should be like in Champaign-Urbana. Please come join the conversation as honored members of the larger community.

This is not a Unit 4 event, we are simply using this space to engage in a needed conversation. What are some of the biggest issues from your perspective? What is working well, what are the challenges? We truly value your voice.

Action is important to us; we have gathered thoughts from the first forum (April 17th) and have grouped them into categories. We hope to expand on those categories and eventually develop issues to present to the Board of Education. The results of your work will be posted online and blended into future discussions.

Hope to see you there,

Chuck Jackson (cdjackson@gmx.com)

Charles Schultz (sacrophyte@gmail.com)
