Mr. Alphonse Trezza  
Director of the  
Illinois State Libraries  
Springfield, Illinois

Dear Mr. Trezza:

The Champaign Park District is very interested in starting a neighborhood library in the north-end of Champaign-Urbana. We would very much like to see this library in the Douglass Center area. After checking with our Center Director, Mr. Edgar McKnight, he informed me that there is space available in the Douglass Center, and therefore, we would like, if at all possible, the library operating from the Douglass Center facility. We believe that this library would not only be good for the community, but would certainly enhance the available program offered at the Douglass Center.

Thank you.

Sincerely,

Robert F. Toalson  
General Manager
