I learned how to develop Web sites, use Google calendars, and make tabs, and I worked with Jaime on the Salem Web site. I worked with Jelani to make things public on the Web site and realized that you can learn a lot from the elders.

*I learned how to use a camcorder and all its functions,
and I recorded videos with Sherodyn at the North Street
Farmers Market.*

Noah Lenstra and Pam Briggs, North Street Farmers Market, Champaign, Illinois, July 29, 2010

I worked with Noah on I don't know how much stuff and learned about the real definition of literacy and technology.

I learned about history and how it changed the community. I realized things about technology I never knew before. I met new people and it's gonna be an unforgettable memory.
