

Douglass Community Center: Through the Years

From Small Beginnings: Laying the foundation for the Douglass Center

- One of the first community centers in Champaign was known as the Neighborhood House
- Founded in 1934, the Neighborhood House provided a recreational space for African Americans who were denied access to local segregated facilities
- The community center was a six bedroom house located at 503 east Washington street

Neighborhood House Funding

- Community Chest funds paid for the center's monthly rent while utilities were provided by the Township Supervisor
- The Neighborhood House also received financial support from the federal Works Progress Administration (W.P.A.) under President Roosevelt

DISCUSS BUDGETS. Thirteen of the 15 members of the budget committee of Champaign County's Community Chest were on hand for a meeting earlier this week, when final decisions on allocation requests were made. Here, members of the committee make final adjustments on re-

quests from the Chest's 13 agencies prior to submitting recommendations to board of directors for final approval. Pictured here, from left to right, are: Mrs. Cecil Bridgewater, Paul Simon, John Hanafee, Arthur [unreadable], William Archdeacon, Mrs. Trenna Lamkins, Hiram Scovill.

In 1939 the city of Champaign created the Department of Recreation which assisted the Neighborhood House in paying rent as well as all operational expenses until 1967 when the merger of Champaign Parks and Recreation occurred

Free programs that were offered during the early years of the Neighborhood House included cooking and sewing, as well as classes in nutrition and first aid

Other Neighborhood House activities offered in the late 1930s included:

After school programs for children such as craft-making and tumbling (taught by Mrs. Odelia Wesley, past director of the center)

And crocheting as well as piano lessons and sewing (taught by Mrs. Erma Bridgewater, past director of the center)

The Neighborhood House also provided junior and adult programs centered around softball, baseball, track, shuffleboard, and chess

The Neighborhood House moved to three more locations between 1939- 1941:

- The American Legion Hall on North 5th street
- The basement of the CME Church on North 5th street
- The Lawhead School basement where the Neighborhood House became known as the Lawhead Serviceman's Center

African American servicemen visiting Champaign from the Chanute Air Force base in Rantoul, Il were not allowed to participate in area USO (United States Service Organization) activities

The center provided a place for social functions including movie nights, dances, ball games, boxing, card game nights, picnics, and much more

By 1943, land was purchased thanks to the tireless efforts of many. The building project received a grant from the Federal government totaling \$18,500 with the stipulation that the community raise an additional \$14,500

Funds were raised from a number of sources including the Black community (\$3000), Home and War Chest Organization (\$2500), City of Champaign City of Urbana (\$2000), and individual donations

- The decision to name the Douglass Park after Frederick Douglass, the American abolitionist and writer who escaped from slavery and became an influential lecturer, was made in 1933 by park board members J.W. Stipes, D.C. “Pick” Dodds, and Lee Greenman as well as by area residents of the park
- Due to the location of the new center and popular sentiment towards the major historical figure, community members opted for the name: Douglass Community Center
