SUBJECT: Douglass Center Community Library Project

I have been asked by the Joint Board of the Douglass Center Library Project to communicate with you in regard to extending the time limit of Phase I of this project.

This request is based on two (2) factors.

1. Douglass Center Library has been opened for public service on a daily schedule for only a brief period of time. Time limitations of Phase I greatly restrict opportunities to plan, develop, and evaluate library service programs.
2. Without such an extension, funds allocated to library service programs for the black community would be lost.

The Joint Board and I are ready to provide you with whatever additional information you may need to help you arrive at a favorable decision.
