Paperback Books Anyone?

"Why does an elephant wear sunglasses? To read the Quill and Scroll paperback books in the sunlight!" Elephant jokes became the trademark of Quill and Scroll as members bent their efforts toward the paperback book project. This honorary club for outstanding juniors and seniors who work on the publications, *Chronicle* and *Maroon*, sold data guide cards this year in addition to the paperbacks.

To be eligible for Quill'n Scroll, a *Chronicle* member must have written 100 inches of copy, while a member of *Maroon* must have done exceptional work during a period of no less than one year.

The profits received from the selling of the books and the guide cards are used to buy books for the school library.

The members of Quill and Scroll are, **Bottom row, left to right:** Kit Kent, Cheryl Nance, Sally Dickerson, Holly Brown, Rosemary Kearns, and Bill Howard. **Second row:** Vicky Morris, Betty Brandis, Carolyn Harper, Diedre Eichelberger, Dorothy Korst, Sheri

Zoom Along With JETS

If you are interested in any phase of engineering, the Junior Engineering Technical Society, better known as JETS, has something to offer you. Sponsored by Mr. Allen Smith, the club has about twenty-five members and meets during the activity period.

The club sponsors field trips through the engineering department at the University of Illinois for all interested members. Also, personnel from the university speak to the members on the specialized fields of engineering. Time is spent on various projects, the most important of which is a radar unit. The officers of JETS attended a leadership convention held at Navy Pier in Chicago in October, and participated in activities with other JETS officers from all over the state.

L'Organisation Française

French Club members plan decorations for their annual Halloween party.

"Will the meeting please come to order?" On every other Wednesday night you can hear these words as a large group of interested French students meet to learn more about France, its customs and its language. Founded at the beginning of the second semester in 1962, French Club has grown to include over one hundred members. The only requirement for membership is that the student be enrolled in a French class at C.H.S.

French Club has taken an active part in school activities this year. In addition to making a float, an "Eiffel of Triomphe", for Beat Urbana Week, the club sponsored a French bake sale the last of November, and a hop in January following the Alton basketball game. One of the major projects of the year was the table of French food at the International Supper.

Schnitzelbank Bop

Janet Trulock is busy making decorations for the German hop, "Schnitzelbank Bop."

Schnitzelbank Bop! Was ist das? Any member of der Deutsche Klub knows that that was the name of the hop after the Champaign-Urbana game. The "Bop" was the main money-making project of the German Club, sponsored by Mrs. Bertha Darsham.

The other events during the year were the International Supper and the Weihnachtsabend, or in English, the Christmas Night. The Weihnachtsabend included a Christmas play, refreshments, and good old German entertainment and songs.

To become a member one must be or have previously been enrolled in a German Class. Club members have shown much initiative, and because of their efforts, they received first prize in the float contest for the most original Homecoming float — a long, long dachshund.

Latin - A Dead Language?

With togas flying and sandals clicking, the Latin Club members enthusiastically strove this year to increase their skill and interest in the language. To become a member one must be enrolled in a third or fourth year Latin class or have had at least three years of Latin.

The club's purpose is to help in school activities, to create interest in the study of Latin, and to honor the members. The event which was much looked forward to by the club's members was the Roman Banquet which took place in the early spring. This gay festival was decorated in the Roman style with the participants wearing Roman garb.

Latin Club, is sponsored by Miss Lois Battenfield, Language Department head.

Films And Fines

Together we stand! Library Club and Projector Club have existed for many years operating as separate units, but this year they have merged forming one group. In this way the members have an opportunity to learn library procedure as well as learning how to use the audio-visual machines. The Projector staff has frequent discussions on how to run a projector and how to care for it. At times demonstrations are given. Some members of the Library portion of the staff spend one period working during the school day. Others work before or after school. They collect fines, check out books and shelve books that have been returned.

The fifteen members of this club, sponsored by Mr. David Johnson, perform quite a service for the school by aiding teachers in showing movies, and helping students and teachers in the library.

Behind The Scenes

"Curtains up, actors bow, we liked that play, and how!" Whenever a dramatic presentation of any kind is given at Champaign Senior High School Wig 'n Paint, one of the largest and most popular clubs in the school, is at work.

During the club meetings pantomimes, skits, and cuttings from plays are performed by the club members.

Wig 'n Paint sponsors many projects such as the CHS Stunt Show, the fall play, the invitational speech tournament, and the winter play. Committees are picked for the various performances. This is how members receive points to become members of Thespians, the honorary dramatics club.

In rehearsal for the fall play, Jan Moon practices driving her sister, Diane Hamacher, out of her mind.

Curtain Calls

"All the world's a stage, and all the men and women merely players." Thespians is a national honorary society for those who excel in dramatics or its counterparts. By working on a committee in Wig 'n' Paint, having a part in a play, or the Stunt Show, or giving speeches, a person can acquire points. One hundred points are required for membership in Thespians.

In the spring a dinner is held for all new initiates. Promotion of a good dramatics program at Champaign Senior High School is the aim of the club.

The Drama board is composed of the Thespians officers and a member at large, chosen by the Wig 'n' Paint members. The Board chooses the Stunt Show theme, and forms the policies for Wig 'n' Paint and Thespians.

Debaters Argue Medical Care

Deep in debate are from left to right: Jim Foster, Jack Mutti, Lee Pellum, and Phil DeMaris, President.

"Resolved: I will remember my debate cards." To a Debate Club member this was a common recurring thought, as cards were required every week for the various practice debates. The point of practice debates was to improve techniques, and develop perceptiveness, critical thinking and logical reasoning, to prepare debaters for the inter-scholastic debates with other high schools in the state. Competitive debates are judged, and medals awarded. The money making project of this organization was sponsorship of an after-game hop.

Business Is Our Business

Running off important information on the ditto machine are Joan Lorenz, President, and Peggy Harvey.

Do you ever stop to think how important the business world is? The members of Commercial Club do! Learning about business careers and developing future interest in the varied fields of this area are the purposes of this club. The only requirement for membership is that one must be enrolled in a business education class at C.H.S.

Commercial Club has been active at C.H.S. for fourteen years and is sponsored by Miss Dorothy Munger. During the year field trips to local as well as large area offices were taken, and outside speakers came to talk about different aspects of business. Other activities included sponsorship of a hop, the annual field trip, and a Christmas project to help orphans. The club undertook a program in which books on business education were sent overseas to the Business Education Library. The books were collected in January and packaged by the members to be sent abroad.

An Education For Jorge

The officers read a letter from Jorge, the F.T.A.'s Columbian boy. The officers are **bottom row, left to right:** Cheri Garland, Junior Representative; Jan Moon, President; and Donna Mankey, Publicity Chairman. **Second row:** Lesley Kretschmer, Foster Parent Chairman; Barb Berry, Vice-President; and Alice Odell, Sophomore Representative. **Third row:** Beth Garrigus, Parliamentarian; Sheri Goddard, Secretary; and Barb Hamilton, Treasurer.

Can you hold the attention of disinterested children? This is the goal of every member of the Future Teachers of America. The main purpose of F.T.A. is to acquaint its 117 members with the opportunities and challenges in teaching.

One of the very important activities of F.T.A. this year is its concern for the education and support of a Columbian boy, Jorge. Through the Foster Parent Plan the club pays money each month which is spent for the needs of Jorge's family. The Foster Parent Chairman from the club corresponds with Jorge during the year.

Cadet teaching is another unique phase of the F.T.A. program. During the second semester senior members of the club help teachers in different schools throughout Champaign. They make observations, grade papers, and sometimes even take over the responsibility of teaching a class.

Quiet, Hospital Zone

Are you afraid of the sight of blood? If so, why not join the Future Nurses of America and cure your fear? Future Nurses has been active for nine years and interests girls in the Nursing field. The only requirement is the payment of dues: fifty cents per semester.

At meetings this year F.N.A. had a guest speaker from a major hospital and invited a panel of nurses to speak to the group. In addition, F.N.A. had a formal initiation in the fall in connection with which girls received their pins, helped a needy family at Christmas, and sponsored a table at the International Supper.

In June a picnic was held, new officers were elected, and a worthy member was awarded a scholarship to an accredited school of nursing. She is chosen according to grades and her participation in the club. Mrs. Ann Sims is the club's sponsor.

During one of the club meetings three nurses came to speak to the group. They are Mrs. Griego, a surgical nurse at Carle Hospital, Mrs. Schroth, a public health nurse, and Mrs. Frank, an industrial nurse from Magnovox.

½ cup sugar . . . ½ teaspoon . . . These are familiar words one can hear when he passes the room where the Future Homemakers of America meet. In order to become a member of F.H.A. a person must be enrolled in a home economics class and must pass a required test. The club has many aims, among them, promoting appreciation of homemaking and international good will, developing an interest in home economics, and promoting leadership in home and community life.

One of the most interesting activities of F.H.A. this year was a pizza party held in November for the initiation of new members. The F.H.A. group from Mahomet were invited as guests. In December the girls made a symbolic Christmas display for the showcase.

Typing, Telephones, Tact

Hard at work are Jeanne Kelsey, Secretary; Miss Ida Mae Meyers, sponsor; and Barbara Brumfield.

To be the efficient secretary of a big business executive is the aim of students in the Future Secretaries of America. This is a new organization sponsored by the Champaign-Urbana National Secretaries Association. Members from this larger organization meet with our school club and help plan programs and teach our local members "tricks of the trade." Their purpose is to engender interest in the secretarial field and to do all things possible to encourage advanced education which will better equip the student to qualify for a secretarial position by learning from actual secretaries. Each month, five F.S.A. members are invited to attend the secretarial work-shop at the University of Illinois. Another interesting feature is that in the spring a Future secretary of the year was chosen.

Planting, Plowing, Perseverance

Welfare, safety, and service describes in a nutshell the activities and duties of the CHS Chapter of the Future Farmers of America. The welfare and safety program investigate the different aspects of farming, such as conservation, livestock, economics, record keeping, and the soil. Along with this, the organization strives to promote leadership, community service, and patriotism among its members. At meetings held two times a month, discussions are held concerning plans for farming in the future.

This club is closely associated with a regular subject at Champaign Senior High School called Vocational Agriculture.

Sock, Mitten, Sweater Makers

Catching up on some knitting in their spare time are Knitting Club officers: Ruth Vermillion, president; and Kathy Malloy, vice-president. **Not pictured are:** Judy Wilson, treasurer, and Linda Gish, secretary.

"A stitch in time saves nine," may well be the motto of a certain forty-five girls who form the ranks of the Knitting Club, which has been active for five years.

Discussions concerning patterns and types of yarn are held. The girls, with the help of Miss Mary Holmes, their sponsor, work on such items as sweaters, ear warmers, mittens, and socks. These pieces are useful as gifts, and are especially valuable, because they have been made by the girls themselves . . . and much less expensive, too!

The Knitting Club encourages an interest in knitting and helps girls become more proficient at their talent. Weekly meetings are held to which members must attend one meeting each month in order to remain in the club. Each year girls leave feeling they have accomplished much in the way of knitting.

With easel and board in hand, members of this club can be seen at almost any time around the school painting or sketching. Fall and Spring bring the members outside to draw beauties of nature. This is Canvas Board, an active honorary for A students in art. Its members feel that art is the universal language and is an interest in itself which would take a lifetime to completely explore.

Canvas Board members are individualistic; each has his favorite area of the art field in which he excels. Some of their aims are to make artistic contributions to our school, to make the students more aware of art, and to promote a sense of art appreciation. Requirements of the club include having high grades in art and showing good citizenship.

Trips were planned to art exhibitions, museums, and schools of art located around the state. This year initiates were required to wear clashing clothes and a sign bearing the words, "I am a Canvas Board initiate." Mr. Fred Attebury sponsors the club.

Conferring on Current Events

Did you know that in Ethiopia one hundred tribes of natives speak fifty different languages each of which has fifty dialects? The members of the Social Science Club learned many other facts too, concerning the customs and living habits of the Ethiopian people through slides and discussion led by a Peace Corps member who had lived and taught school in Ethiopia.

At weekly meetings students discussed current events and problems such as the circumstances surrounding the late President Kennedy's death. Perhaps the greatest value of the Social Science Club is learning and developing one's ability to form sound opinions about current issues, as well as furthering the study of social science and interesting other students in this subject. The advisers, Mr. Selby Klein and Mr. Leslie Bowman, hope in the future to have the club work with political parties during the election years.

Orchesis Practices Modern Dance

"Boom . . . boom . . . boom . . . boom . . . boom. No, it's not a heart being heard through a stethoscope. No, it's not an elephant on his daily walk. It's the C.H.S. Orchesis Club (Wearing black leotards and tights) moving to the accompaniment of a drum.

Orchesis, which is a modern dance club, has a membership of about fifteen girls and meets every activity period in the girl's gym. Under the leadership of Mrs. Marsha Kremer, the members improvise to songs on record, as well as to drums.

In the fall the club participated in "Dance Day" at the University of Illinois. Members of dance clubs all over Illinois attended two one-hour lessons in body mechanics taught by professors at the University.

Plans were made for clinics to teach prospective members about the activities of the club and for initiation of new members. Also discussed was the possibility of a dance performance for a P.T.A. group or some other organization.

Moving to a dance record are these modern dancers: Sue Platz, Libbie Sweet, and Jan Tummelson.

Onions anyone? At a picnic in Hessel Park, the initiates of Baton Club found themselves hobbling with legs tied together to nearby houses trying to sell onions. The new members were also required to wear absurd outfits such as clashing sweatshirts and slacks.

When duly initiated, new members joined with old as Baton Club sponsored musical performances during the school year. The club is in charge of the annual Vice-Versa Dance, so named because the boys are the guests of the girls.

To be eligible, one must show an interest in music by participating in one of the many classes in the music department: band, choir, or music appreciation. Money earned through the sale of candy was used to finance an annual tour with performances at high schools in Illinois and Indiana.

Members of Baton Club who have exhibited outstanding talent in music are selected by the music department faculty to become members of an honorary organization, Modern Music Masters.

The "Big 3" in Music Perform

Champaign High is often represented throughout the city and state by our music department. A Cappella choir, Vocalettes, and Madrigals sing for Kiwanis and other community organizations in addition to performing at school concerts. A Cappella choir and Vocalettes sang at the annual Fall Concert held in November, and A Cappella made the traditional trip to Edison and Franklin Junior Highs. In February, A Cappella, along with the band, made a tour, performing in Chicago, Warsaw, Indiana, and other cities.

For School, Community Audiences

Of C.H.S. music groups, A Cappella is the largest, composed of about 100 students chosen by try-outs. Vocalettes is a smaller group of about thirty girls, who sing for special programs. They occasionally take tours as they did last summer to sing at a convention in Atlantic City, New Jersey. Madrigals is a mixed group which specializes in folk music. All three groups are directed by Mr. William Olson.

The production of a spring musical is one of the most popular activities of the music department. Last year "Bye Bye Birdie" was a huge success. Plans and ideas for this year's production began early in the fall.

Violins, violas, basses, and cellos make up the Orchestra which is directed by Mr. Jerald Slavich. Members are enrolled in Orchestra as a regular class which meets four times a week. The Orchestra is not only made up of C.H.S. musicians, but it also has the assistance of junior-high students. The Orchestra members display their talent at Pops Concerts, Chamber Music Concerts, and concert events. "Copley's Square," "Greensleeves," "Stranger in Paradise," and "My Funny Valentine" are selections which the Dance Band plays at hops and various dances sponsored by C.H.S., junior highs, local groups, and out-of-town organizations. Under the direction of Mr. Gilbert Papp, members of the Dance Band practice two nights a week after school. Money the group receives is one of the primary sources of income for the Music Department's general fund.

Intricate Designs on Playing Field

"Guide right! To the rear march! Cover down! Band halt 1 . . . 1 . . . 2 . . . 3!" were orders that rang in the ears of the one hundred members of the Champaign High School Band as they perfected precision marching routines. During the fall students and teachers in their first hour classes heard the Marching Maroons playing while marching to and from McKinley Field.

No band member will ever forget the excitement of the University of Illinois High School Band Day in which more than seven thousand band members from all over Illinois participated. The C.H.S. band won first place.

The Marching Maroons presented various routines. Two of their "specialties" were a locomotive with real "steam" curling from the "smokestack," and a heart formation surrounding the Homecoming Queen coronation.

"High tosses, horizontal tosses, wheels, finger twirls, and grass cutters are some of the jargon of baton twirling which is very familiar to the Majorettes. In the fall five students were picked to lead the band in pre-game and half-time routines.

Varsity Cheerleaders Get Football

Sophomore cheerleaders are, Bottom, left to right: Nancy Graham and Gayle Fairchild. Top row: Janie Allhands, Nancy Miller, and Cathy Walker.

Ready-O! Let's go! Each spring brings eager girls to cheerleading tryouts. Ten girls are selected to qualify as cheerleaders by a board of faculty members and students. From the ten, the student body chooses five varsity cheerleaders who they feel pass all the requirements. With the help of Mrs. Marsha Kremer, their adviser, these girls arouse enthusiasm at football and basketball games. The cheerleaders must have good grades and citizenship, as well as good team spirit. This year, at the close of a winning season, the football team gave the five varsity cheerleaders trophies with "Co-Champs" imprinted on them in recognition of their help.

To assist the varsity, and to cheer at sophomore games, five sophomore cheerleaders are chosen each year by their class.

Whether our team wins or loses, our cheerleaders are always cheerful!

Directing the Marching Maroons in their formations is Leader Carolyn Lewis.

The Marching Maroons serve as enthusiasm-boosters as the Urbana football game gets underway.

During the year '63-'64 the Marching Maroons, who until this year were called Pepettes began a new project. Eight girls were selected to make up a Big 12 Honor Court, an addition which helped to make the Marching Maroons a more colorful and interesting group.

With a membership of fifty-two senior girls, the Marching Maroons Club works on precision drills with pompons and in uniform, and also form the

Block "C" at basketball games. Meetings held on Wednesday evenings give the girls a chance to learn the particular routine for each week.

The goal of all Marching Maroons is to do their best to provide interesting and enjoyable entertainment at basketball and football games. The leadership of Mrs. Mary Major, the adviser, and Carolyn Lewis, the head Marching Maroon, did much to make the club a popular one.

As the football team comes on the field, the Marching Maroons form a victory aisle for them.

G.A.A. Shows Talent in Basketball, Bowling, Archery.

"Win or lose, but do it with grace." To the members of the Girls Athletic Association this advice has quite a special meaning. In all school sports, they strive for the goals of sportsmanship, promoting athletic interest, and learning the principles of leadership and responsibility.

This active club, which meets twice a week, has various projects. At Thanksgiving the club took fall-colored corsages and favors to patients of a nearby nursing home. At Christmas time they helped the Y.M.C.A. sell Christmas tree tickets. Also in December the girls' fathers were invited to "Daddy Date Night" where the fathers beat the girls in basketball.

The autumn was spent planning the annual camp-out. In February the solemn Formal and gay Informal Initiations took place; the year ended with the State Bowling and Basketball-shooting contest.
