Urbana is a comprehensive high school with a full offering of courses, extramural courses and extracurricular activities. In a regular curriculum, students may elect any number of vocational classes such as house construction, C.W.T., drafting, PUPS, or auto mechanics. Students who gain part of their credits off campus may participate in the full semester Executive High School Internship program in a Health Assistants study. Others elect to gain credit by serving as aides in various offices. Those students who wish to study in exotic places such as Florida may participate through the Explorer's Post. Not all courses are offered every year, but the offerings are many and varied to try to meet many needs.

1. Kevin Hendricks runs hand-off from QB Hursey. 2. Tigers declare victory over Lincoln. 3. Tito Gomez gives thumbs up for Urbana's first win. 4. All Big 12 Eddie Allen travels for a first down.

After forfeiting the opening games to Rantoul and Mattoon because of the teachers' strike, practice on their own paid off for the Tigers. Seniors Ed Allen and Ken Brasher were All-Big 12 Offense selections and Junior Rob Siders merited an All-Big 12 Defense slot. Bob Robinson, Trent Short, Tony Carswell and Allen were awarded Honorable Mention on defense selections while Siders added an Honorable Mention offense award.

Sara Cogdal was selected Most Valuable, and Rachel Hopen was voted Most Improved. The boys finished 6th in the Big 12. Darren Strack finished with a 16th for Urbana's top runner.

Girls Whip Chargers

The girls finished with a poor 3-18 record, but six losses were suffered because of forfeited games during the teacher's strike. They defeated first ranked Centennial in regionals, and then fell to Danville in the second round. Kirsten Fossum was selected Most Valuable Player and Regina Jones was voted Most Improved.

The Royal Family performed on November 29, 30 and December 1 amused audiences with its antics of a rich theatrical family in the 1930's. The family found balancing a busy theater schedule and a hectic social life unbalancing. The play was originally performed in 1928 and was revived at the Helen Hayes Theater in 1975.

Election Night

Urbana students awaited returns of the 1984 election results in the cafeteria until late races were reported. In the mock election held earlier in the day, Fritz Mondale won by a landslide, but when all the votes were tabulated in the real election, Ronald Reagan had the landslide. Mondale had carried only the District of Columbia much to the dismay of the majority of the student voters.

# F.P.S. Look Ahead

Future Problem Solvers trained over the year to find answers to problems that will plague mankind in the near future. This year students studied the problems created by underage drinking and driving and acid rain. The four completed three practice problems and then went to regional competition in Macomb. The Almaniacs, now in the second year, held in school competition each Tuesday. The smaller competition group of Andy Aldeen, Stokely Boast, Matt Dowd, Jonathan Kagle, Aaron Salamon, David Weaver and Bob Wiegand finished second to St. Joe in the WPCD Radio Contest. Stokely designed and invented a computer buzzer system for practice.

## Recording Remembrance

Everyone contributes something to the texture of the year through their action. My contribution has been that of recording your contribution as well as that of the whole.

Being your editor has given me the opportunity to discover many surprising things about myself and other people, and I have learned from and enjoyed being your editor immensely.

I hope as you hold this book in your hands and as you flip through the pages you will be reminded of the unique happenings of this past year.

## *Warren "Smitty" Smith*

This book has not been dedicated to anyone for many years because dedications went out of style for yearbooks some time ago. Dedication, however, did not go out of style for coach and teacher Warren Smith, known by students, colleagues, parents and community as Smitty. Smitty died on November 24, 1984 after suffering a massive heart attack while attending the State Football Championships which he was instrumental in planning. His gifts to Urbana High School and its students were great. He coached football with unmatched energies for twenty-nine years. His 1957, '59, '62, '64 and '65 teams won Big 12 Conference titles. Under his coaching, the Tigers built an impressive 142-86-8 record. He was inducted into the Illinois High School Coaches Hall of Fame in 1981 and invented a practice machine called the blaster. His energies were not limited to the football field as he helped players get scholarships and followed their progress with pride long after they played for him. Smitty's dedication to his players, his sport and this school prompts the Rosemary staff to dedicate this book to him. Rosemary is for remembrance.
