75

What has the Class of 75 been up to this year? A first place homecoming float, light bulb sales, taffy apple sales, a great prom... (etc.). All these projects took a lot of work and dedication, and by no means was any one project very easy. Organization and good leadership go hand in hand in producing every success. It has been said that teachers *just don't care anymore*.

Obviously, anyone who says this was not involved in any of the junior class activities this past year, because teachers *do care*. The Junior Class was fortunate in having the leadership of two devoted faculty members: Mr. Oren Johnson and Mrs. Marilyn Davis. It seemed to us that after all the hard work and extra hours that these two people put in, it just wasn't enough to say

"Thank you." Therefore, the Junior Class, in expressing our deepest appreciation, would like to dedicate this page to Mr. Johnson and Mrs. Davis, because without them, we would have never made it.

The Class of 75
