

## Spanish Club Links Students With Language

All Spanish speaking students at Centennial were invited to join Spanish Club. At meetings, members made plans for a trip to Chicago in the Spring. Eating dinner at a Mexican restaurant and viewing a Spanish movie were but a few of the things on the club's agenda. Spanish club strove to develop a stronger communication between Spanish students and their "second language."

Spanish Club president, Frank Douglas, curbs his hunger and supports his club at one of their after school bake sales.

As the 1969-70 school year progressed, most of the clubs at Centennial were concerned with providing services for others while learning themselves. German club was interested in learning about the German language and culture. Learning from each other club members enjoyed the privilege of talking with each other using their "adopted" language. While participating in speech tournaments, the Speech Club not only brought honor to themselves but also to Centennial. Not discouraged by the lack of backing from uninformed students, Speech Club members learned that anything could be accomplished if they put their heart and voice into it. Students elected by their sixth hour classmates participated in discussions in the House of Representatives. House proved to be a link between Student Council and the student body. A major accomplishment of the House was their aid in obtaining a liberal dress code. The Junior and Senior Leadership program gave girls an opportunity to learn spotting, refereeing, and special techniques in sports. The girls have become a welcome group to the Phys. Ed. department as they help teachers assist fellow students.

## Future Homemakers Provide Valuable Service

*FUTURE HOMEMAKERS—Front Row: Lisa Judge, Barb Unteed, Jo Wells, Julie Shoemaker, Marcia Kelly, Melinda McBride. Row Two: JoAnn Adair, Barb Nance, Christine Osby, JoAnne Stoll, Julie VanBuskirk, Jan Pfaller, Karen Walden.*

Through its many projects, the Future Homemakers of America attempted to strengthen their relationships with the home, school, and community. Typical of these projects was collecting food for needy families, making holiday bean bags for mentally retarded children, and making brownies for servicemen in Viet Nam. But as well as helping others, F.H.A. members helped to develop their individual personalities.

## O.O. Members Use Skills for Advancement

The Office Occupations program provided the opportunity for students to go to school half a day and to work in a local office in the afternoon, utilizing the various skills which they had gained. Mrs. Justus, the supervisor of the program, was always willing to offer any advice she could, and students were grateful. Office Occupations proved to be more than just another organization; it was a helpful experience.

## Orchesis Reveals New Talent in Performances

1970 "C" Charger Spectrum  
featured a creative dance  
by Orchesis members.

Orchesis, Centennial's own dance club, gave students who enjoy dancing an opportunity to develop their talents. Club members choreographed various numbers for presentation throughout the year. In the fall Varsity Show Orchesis performed their interpretation of Romeo and Juliet. They then went on to perform in C Charger Spectrum. In the spring, the club presented a show with dance numbers to jazz and electronic music.

## Creativity Is Awakened by Studio "C"

Studio "C" offered any students interested in art an extra opportunity to develop their talents. Their creativity was evident in paintings, sketches, pottery and leatherwork. Studio "C" highlighted this year by holding a pottery "cook-out." Club member's creations were fired using a bonfire for a kiln. Sensitivity, originality and artistry were all a part of Studio "C."

President of Studio "C" Sheryl Lybarger utilizes her creativity sketching an aspect of sunrise.

Studio "C" member, Joan Campo, is found spending time outside of school working on one of her creations.

Lynda Emmett. Back Row: Nancy Wilken, Betsy McDuffee, Karen Wise, Kathy Simmons, Patti Stone, Joan Tremaine, Sue Ignasiak, Marsha McNabb, Becky Fisher.

## Skills and Friends Acquired Through Recreation

Members of Girls' Intramurals were constantly busy during the year. One of the major projects was raising money for brand new fencing equipment which added an extra activity to after school recreation. Girls' Intramurals invited the whole school to their club sponsored activities. Even boys were encouraged to take part in fencing. Once a week after school the gym was opened to girls participating in sports such as volley ball, badminton, and basketball. Members got together to eat a pot luck supper; then played volley ball and fenced.

The fundamentals of fencing are taught to Judy Thom by Mrs. Jost.

## Seniors Experience Symbolic Senior Year

Time.  
Suddenly as the school year  
came to a rapid halt,  
Seniors  
realized how  
quickly time had  
passed.  
It seemed they had run  
through time to  
reach the moment of  
graduation.

On the faces of some,  
time told the story of  
heartbreak and laughter.  
But all showed  
signs of the  
maturity  
which time and experience  
had implanted on their beings.

Although they had reached  
the peak and  
the end  
of their years at  
Centennial,  
they knew that their lives  
were just  
beginning  
and that time had just begun  
to work it's  
magic spell on the  
Class of 1970.

A typical Centennial senior, Scott Karlstrom, cheers his team on to another victory.
