Subject: Outreach July 30th

Good morning,

I am partnering with 3 churches for an outreach in Douglass Park on July 30th, 2011. One of the main goals of the outreach is to begin a one-on-one contact to members of the Douglass Park community. I could use all of your help in this. Here are the needs:

- A) Donations for food and water
- B) Volunteers who would go to door to door to check on residents and see if they have any pressing needs
 - 1) I would like to work within our networks to see if we can address those needs
- C) Please send this out through your different email lists.

The goal of this outreach is to:

- A) Provide hope.
- B) Begin summer outreaches that increase positive interactions within our community
- C) Get feedback of concerned citizens and begin to address the needs of our community by using our networks
- D) Revive the image of Douglass Park. It is a historic park in our community. However, when it comes to events, our Park District does more events than community.

Ultimately, what I would like to do is work throughout the summer on projects that restore the "Neighbor in Neighborhood". Thank you for your help and I look forward to working with all of you this summer.
