'74 Maroon Proffers Capsule Analysis of Central

The yearbook staff would like to extend best wishes for a happy future to all who read this book. In ten years it will be hauled down from the upper shelves of a closet, and children and teens of the next generation will laugh at the funny styles and fads of the struggling seventies.

The book consumed many hours, many grudgingly, and only this, the finished product, will prove whether or not they were worth it. Many people will like the book. To them is offered a polite bow of thanks. Just as many others will dislike the book. To them is offered condolences and a muttered, "Who cares what they think anyway!"

Each division of the book was made, not because it was thought that one club, sport, or class was older or newer than another, but because it seemed to fit best there.

The *Maroon* doesn't try to interpret the happenings of the school year of 1973-1974, only to put them forward for examination. The book is not dedicated to any one person or idea, but to the entire school. For anyone who had anything to do with Champaign Central High during this school year, here is the '74 *Maroon*.
