

# Hours of work by MAROON staff produce 1975 Central yearbook

"... One's definitions, assumptions, and metaphors determine what 'facts' one will uncover, . . . the world is in a constant process of change and we can never 'see' it all; each of our senses is a censor . . . . our language is our prison," state Neil Postman and Charles Weingartner in *Teaching as a Subversive Activity*.

Language may be our prison, but it is also our major form of expression. We hope that the hundreds of hours put in by the MAROON staff have made your yearbook much more than an autograph album.

Simply said: the 1975 MAROON has tried to capture your self-expression.
