

You Are Invited!

Urbana-Champaign Big Broadband (UC2B) Community Ground-Breaking Celebration

When?

Tuesday, September 6th at 1:00 PM.

Where?

The Champaign Park District soccer field in Douglass Park. If raining, we will be in the Douglass Community Center.

Who?

Everyone who has contributed to UC2B, elected officials and guests.

Why?

Because it is time for the UC2B fiber construction to begin.

How?

With your own shovel, hard hat (if you have one) and a really big smile.

There is easy access to Douglass Park from Fourth Street to the Eureka Street cul-de-sac. There is parking on Eureka Street, at the Douglass Branch Library lot and in the public parking lot at the corner of Grove and Fifth Streets. Please bring your favorite digging implement for the group photo. The wider variety of shovels and digging tools we have the better. The actual construction equipment that will be used to place the UC2B fiber cables in the ground will be on display. We will have UC2B stickers for your hard hats. Big Broadband is coming to Urbana-Champaign. Join the cast of thousands as we give thanks and celebrate how far we have come.
